

CARSHINE

CAR WASH SHAMPOO

Automotive Industry

Industry

Institutional

Environment

Cleaning and Maintenance

Agriculture

Construction

FEATURES

Liquid of chemical reaction of low alkalinity, not caustic.

Biodegradability higher than 90%.

PROPERTIES

CARSHINE is miscible with water in all proportions. Very active against grease and dirtiness.

CARSHINE is stable with any water hardness, leaving the surface after washing, very bright. Formulated to leave surfaces sparkling clean.

APPLICATION

Dilute CARSHINE in proportion of 1% until 3%, depending on the dirt and the application mode. In the end, wash with clean water so as to remove the remnants of the foam and leave to dry the vehicle preferably in shadow.

MANUAL WASHING

Wet previously the car with water. Dilute 1 litre per 60 litres of water in a bucket. Wash. Finish the final wash with clean water.

WASHING GANTRIES

Dilution to output of sprayers: 1 litre of product until 80 litres of water.

HIGH PRESSURE CLEANING

Wet previously the car with water. Dilution at lance output: 1 litre of product until 100 litres of water. Leave act. For 1 to 2 minutes. Finish the final wash with clean water.

UTILIZATION

Using directly spraying the CARSHINE on trucks, cars, buses, freight vehicles, garbage trucks, awnings, or other materials. Previously wet with water.

ADVANTAGES

- Great degreasing power
- Low surface tension
- Stable with any water hardness
- Very concentrated
- Easy rinsing

CARSHINE application example

| TECHNICAL SPECIFICATIONS | |
|--------------------------|--|
| DILUTION | 1 litre of product until 100 litres of water |
| CHEMICAL NATURE | Combination of hydrating and solubilizing functions of surfactants with nonionic emulsifiers, dispersants and penetrants additives mineral salts |
| SURFACTANTS | Anionic |
| PHYSICAL STATE / COLOUR | Amber liquid |
| ODOUR | Not applicable |
| PH | 11,40 |
| SOLUBILITY IN WATER | Complete |
| CLEANING PERFORMANCE | Very good |
| RINSING | Yes |
| FOAMING | Yes |
| RELATIVE DENSITY | > 1,0 |
| FLASH POINT | Not concerned |
| CHEMICAL REACTION | Alkaline, not caustic |
| CLASSIFICATION | Irritating |
| EXPIRATION | 2 years. Stored in the original packaging. Protect from excessive sunlight. Avoid extreme temperatures. |

CAUTIONS

Chemical product: Always read the label before using. Close the packing after each use. Keep out of children reach. In case of contact with skin or eyes, rinse with plenty of water.

Do not mix with other detergents. Protect from cold.

Avoid washing materials with intense heat and high or low temperatures, never clean with hot water with temperatures above 50° C.

Avoid prolonged or repeated contact with the skin.

Always make a test to determine the compatibility and the appropriate contact time.
